

LETTER OF TESTIMONY

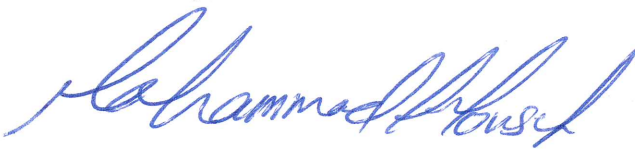

Visionary inspired by excellence, achiever prompted by distinctness, and strategic guided by tactics, are just few qualities anybody could appreciate when dealing with Ibrahim Saleh.

Through his diligence, commitment to his goals, and the broadly vast experience that he brought to our table at A&M Contractors Inc, Ibrahim was able to bring about a meaningful improvement throughout the gamut of our operation.

Ibrahim is a kaizen oriented professional, a process oriented and an unwavering process compliant, whose undertakings have unlocked an inert potential in our organization and catalyzed the wheel of the continuous improvements.

From our experience, we highly recommend the consulting services of Mr. Ibrahim Saleh given our experience with him.

Sincerely,

Mohammad Yousef
